EDUCATION

Universidad Hispanoamericana
BS Computer Science

2022 - In progress
a trimester from graduation

EMPLOYMENT HISTORY

Junior Software Engineer, TransPerfect

Feb 2025 - Present

- Develop and maintain backend services using .NET Core, C#, SQL Server, and Dapper.
- Build and update stored procedures, repositories, DTOs, controllers, and REST APIs.
- Support React + TypeScript frontend integrations and bug fixes.
- Write and maintain unit tests using xUnit and Moq.
- Troubleshoot production issues and deliver fixes in Agile sprints.
- Contribute to pull requests, code reviews, and Azure DevOps CI/CD pipelines.
- Automate repetitive workflows using PowerShell scripts.

Operations Supervisor, TransPerfect

Oct 2023 - Feb 2025

- Supervised a team of 15, ensuring compliance with performance goals and quality standards.
- Implemented tracking systems and KPIs to monitor productivity and agent development.

OPI Interpreter, TransPerfect

Feb 2023 - Oct 2023

- Maintained top accuracy and consistency, leading to promotion to Supervisor.

Customer Service Rep, SSG

Sep 2022 - Feb 2023

- Managed service memberships that allowed customers to monitor their credit history with credit bureaus.

Debt Collector, Synchrony Bank

Aug 2021 - Aug 2022

- Handled financial account servicing and collections in a high-volume banking environment, assisting customers with payments, account inquiries, transfers, credit-related questions, fraud concerns, and delinquent balances.
- Communicated account status, explained available solutions, and secured payment commitments through effective customer interaction, while maintaining compliance with FDCPA/Regulation F, FCRA, disclosure requirements, TCPA, and applicable federal and state regulations.
